General information for abstract submission

GENERAL RULES

- You will be able to submit your abstract only after registering for the conference.
- Abstracts can be submitted only electronically. To upload it, click on ABSTRACTS.

AUTHORS

- The author submitting the abstract will appear as the first author. The authorship order can be changed when registering new authors by selecting the "Author Position" field.
- Click on ADD ANOTHER AUTHOR until you complete the authors of your abstract. If the author is already registered in our database, start typing the name in "Author name," and the system will bring up options.
- The main author is equivalent to the first author;
- Indicate the presenter;
- Fill in each author's Institution, city, state, and country fields.
- Author's full name and CPF or e-mail will be requested for internal control.

ABSTRACT SUBMISSION

- The abstract must be written in English.
- Insert the title – limit of 255 (two hundred and fifty-five) characters;
- Select the area of knowledge;
- Select how the abstract will be presented: Poster or Oral
- Report the funding agency. If any, specify the funding agency and project number;
- Insert the abstract text – limit of 2000 (two thousand) characters with space. It should not include tables, graphs, or figures.
- Include three keywords in the indicated fields;
- Click save.
- You will receive an automatic email with your Abstract code, title, and abstract.

ABSTRACT EVALUATION

- Abstracts will be evaluated considering the following:
  - Scope of the conference;
  - Scientific content (originality, relevance, and quality);
  - Writing quality.
- The Conference will not accept:
  - Abstracts in Portuguese (or languages other than English);
  - Abstracts that are not explicit in their objectives, results, and conclusions;
  - Lack of clarity, relevance, and originality.

- Notification of acceptance or refusal will be available in the restricted area in "My Abstracts."

Selection of abstracts for oral or poster presentation

The Abstracts submitted to BBEST & IEA Bioenergy 2024 Conference may be selected for Oral presentations or may be presented as Poster. The Scientific Program Committee will select Abstracts for Oral presentations and the authors will be informed about the form of presentation through the BBEST & IEA Bioenergy 2024 website. The authors must indicate their preferred form of presentation (Oral or Poster) during the registration and abstract submission procedures.

Presentation areas (Abstracts)

A) **Biomass**: traditional and alternative energy feedstocks, including waste use

B) **Biofuel Technologies**, including biomass process engineering and biofuels production

C) **Biorefineries**, Bio-Based Chemicals, Bioproducts and Biomaterials.

D) **Biofuel** End Use and Engines

E) **Sustainability**, Environmental, Social, Economic and Public Policy Issues
